Give the gift of a Christmas dinner when you donate \$10 for each 8x10 Christmas portrait.

For Churches willing to allow pets, we welcome those members of the family as well.

## Feeding Families for Christmas One Portrait at a Time

Hi, I am Richard Getz, and this year I teamed up with Amazing Grace to provide a unique gift giving idea this Christmas.

We want to invite your Church to hold a Portraits 4 Food event. Have your congregation bring their families into Church and I will have my studio set up to take family Christmas portraits that they can use for cards, gifts, and of course, their own homes.

Each 8x10 will be printed right there on the spot. We ask for a donation of \$10 for each 8x10, and 100% of all donations will go to Amazing Grace to feed families this Christmas season.

Families can have multiple poses and as many 8x10's that they are willing to donate for. Also, all images can be posted online so families can access them for future prints. A CD containing all prints can be sent to the Church also.

We would like to also encourage families to donate a message card or give a gift of a study Bible, or message DVD, and we will include this in the food box.

This is a great time to get that Church directory updated with current images.

This is a great way to receive while you are giving, so please put this in your next newsletter and contact Gary at Amazing Grace to sign up.
